

JCB

**YELLOW
SHIELD™**

EXTENDED WARRANTY

PROTECT YOUR INVESTMENT WITH...

JCB Yellow Shield Extended Warranty is a great way to protect some of your most valuable assets, your equipment. JCB Yellow Shield is an extended warranty package that gives you complete peace of mind while ensuring that you maximize machine up time, productivity, performance and profitability.

Duration of coverage

JCB Yellow Shield will provide up to 10,000 hours of cover, enabling the protection to match your servicing requirements. You can purchase JCB Yellow Shield protection during the first 6 months of machine ownership from new, and can transfer ownership. JCB Yellow Shield travels with the machine until coverage expires.

All around peace of mind

JCB Yellow Shield is valid while your machine is regularly serviced from new by an authorized JCB dealer, with quality JCB servicing and the full protection of JCB Yellow Shield offering all around peace of mind for your entire fleet of JCB machines.

What's protected?

There are three coverage options available for you new equipment; Full Machine, Major Component & Power Train – you simply decide which option best suits your needs and

budget. Our most comprehensive 'Full Machine' level of cover offers bumper to bumper protection against defects attributable to faulty materials or workmanship for an agreed extended hourly coverage period measured from zero clock hours, up to a maximum of 5 years from new.

Increasing your resale value

JCB Yellow Shield is an asset, which can help increase the eventual resale value and it is possible to transfer this cover on the first initial sale through your JCB dealer.

What's in the small print?

As you would expect from JCB, there are no hidden catches: no excess to pay, no maximum claim value and no claims limit. What's more, as the scheme is backed by JCB, you can be confident that it is designed to meet your specific needs.
